

# Technical Visit: Penang Digital Library

## Synopsis

Join us for an exclusive **Technical Visit to the Penang Digital Library (PDL)** – a groundbreaking initiative that showcases how digital transformation is revolutionizing knowledge sharing and lifelong learning. This visit offers engineers, technologists, educators, industry professionals, and students the chance to discover **Malaysia's first fully digital-first library concept**, where knowledge meets innovation.

Participants will gain hands-on exposure to **cutting-edge digital systems and technologies** that power PDL, including:

- **Digital Resources & Knowledge Hubs** – explore a vast collection of e-books, journals, and databases accessible anytime, anywhere.
- **Innovative & Smart Spaces** – experience modern co-working zones, interactive discussion rooms, and collaborative learning environments designed to foster creativity.
- **Technology-Driven Solutions** – witness how smart systems, data-driven platforms, and digital literacy initiatives create a seamless user experience.
- The visit will include a **guided tour and a special presentation** on the evolution and future direction of PDL, highlighting how it has become a model for digital transformation in Malaysia's knowledge ecosystem.

This program is ideal for anyone eager to discover new digital systems, explore cutting-edge library technologies, and gain valuable insights into future-ready knowledge spaces. Designed not only for information professionals but also for engineers, technologists, educators, and students, this visit offers a unique chance to broaden your understanding of how digital transformation is reshaping knowledge sharing, learning environments, and collaboration. Don't miss the opportunity to experience firsthand how PDL is driving the next generation of learning and innovation.

**31 Oct 2025 (Fri)**
