

Technical Visit NUR POWER SDN BHD

Synopsis

NUR Power Sdn. Bhd. ('NUR') is a private limited company that specialises in the generation, distribution, and retail of electricity power in Malaysia. The company is Malaysia's first and only Independent Power Utility 'IPU' to be granted exclusive rights to sell electricity in Kulim Hi-Tech Park ('KHTP'). For nearly 30 years, NUR has been at the heart of KHTP's energy ecosystem, providing reliable, high-quality, and sustainable energy solutions across sectors.

NUR adopts industry best practices through emphasizing safe plant operations, energy security, operational excellent, and continuous improvement initiatives to ensure stable and sustainable power supply to customers.

Throughout a technical visit, participants will gain insights into the power generation and distribution processes, and power plant / substation operations and controls. Participants will also better understand the challenges and opportunities in industrial power supply and integration within a high-tech industrial environment.
